

COMPREHENSIVE DESIGN TEST - AUTUMN 2017.

Visitors' Centre of Pálvölgyi Cave

Design Location and Task

DESIGN TASK

The centre should provide attraction of the nature, the cave by exhibitions, lectures - and by its location next to the cave entrance.

LOCATION

Pálvölgyi cave is one of the most beautiful - hidden -attraction of Budapest. The reuse of the existing house stands next to the entrance valley of the cave. This house can be redesigned, replaced, refurbished, reconstructed up to your concept.

PROGRAM

To design the visitors' centre with the given functions. Concept has to show the new attitude of the building . intro or extroverted? - conserved or replaced? . - being part of the nature or a contrast? A lot of interesting design questions.

TASK PROGRAM

LOBBY - WAITING, ASSEMBLING AND EXHIBITION SPACE - 100sqm
OUTDOOR TERRACES - ON DIFFERENT LEVELS - PARTLY COVERED UP TO THE CONCEPT.
TOILETS - 20sqm - MALE, FEMALE and DISABLED ACCESS WC.
GREEN SHOP (FOOD AND GADGETS - COUNTER + SMALL KITCHEN, STORAGE IN THE BACK.
KITCHEN SHOULD SERVE FOR LITTLE PARTIES AFTER SERVICE HOURS
STAFF OFFICE AND CHANGING - for 3-4 - SHOWER, WC, LOCKER SPACE.
GARBAGE - 2sqm.
STORAGE FOR GARDENING ACCESSORIES - 15sqm.

INFORMATION PROVIDED

LOCATION PLAN 1:2000
SITE PLAN - 1:500

It is allowed a minor change of the given areas - according to your concept.

WORK REQUIRED

Concept Model (material and technology is up to you. It can emphasize either the mass or the in-door spaces too. It is advisable to show the attitude and atmosphere of the building with the model.

2 x A3 drawings to present the architectural concept clearly and understandable.

Teamwork is supported with 2-4 members.
