

Night Visit in Szent Imre Hospital

Exceptional chance to visit a hospital in action,
to experience the life behind the curtains,
to see an operation theatre,
to look into restricted areas,
to talk with staff ,
to be informed about prevention of diseases,
and loads of interesting experiences
in a bit mysterious but 100% public building.

The visit is guided by local representatives and
for international students
by the architect designer of some buildings
of Szent Imre Hospital
Zoltan Schrammel DLA
